

OSIRIS AND QUETZALCOATL

ALLEGORIES OF THE ARCHETYPAL JOURNEY TO ILLUMINATION

"The spiritual journey is characterized by a series of events significant enough to raise a person to a higher state of consciousness, and by that, enabling him or her to contemplate and participate in higher realities.

This series of dramatic events or initiations are allegorically represented in the mythical life of the World Teachers and Avatars. Two of them are the subject of this slide-illustrated lecture: **Osiris and Quetzalcoatl**. We'll explore their myths, symbolical representations in ancient Egyptian and Mexican art, and their teachings for today's modern life."
