

THE STANZAS OF DZYAN

A Three-Hour Program

The stanzas of the **Book of Dzyan** [as found in the *Secret Doctrine*] are not easy to understand, but they reveal, to the person willing to study them, a sublime description of cosmic evolution, i.e., the reawakening of the universe after a period of quiescence, the differentiation of forms, the process of world formation, the appearance of humanity on earth, and the early evolution of our species.

JOIN US TO HELP CELEBRATE THE **FIRST MEETING** OF THE THEOSOPHICAL SOCIETY IN OAKLAND AT OUR NEW BRANCH LOCATION. OUR INAUGURAL PROGRAM, *THE SEVEN STANZAS OF DZYAN*, WILL FOLLOW A VEGETARIAN POTLUCK. BRING YOUR FAVORITE DISH AND YOUR COPY OF *THE SECRET DOCTRINE*.

main esoteric teachings presented in *The Secret Doctrine* in which Blavatsky outlined the cyclic evolution of cosmos and of human beings. It is a wonderful image of a universe infused with purpose, harmony, and beauty.
